

Product Discontinuation

PD_070_21

Discontinuation revoked

■ Last Order Date:	2021-10-15
■ Last Delivery Date:	2022-04-15

Reason: Products have reached end of life

- Every discontinued product has direct replacements (please refer to replacement products listed on pages 8-19)
- Reduced number of variants help in allocation to have increased stock flexibility
- Volumes are going down on old steps variants (affected by this PD), cost cannot be maintained low
- Lifetime extension possible under new commercial conditions

Reason for PD revoke:

- On 2021-04-15 AURIX™ TC2xx old design step PD_070_21 was released with LOD 2021-10-15 and LDD 2022-04-15
- Recent allocation has shown, that several customers are still planning production on old TC2xx steps beyond LDD
- Infineon's target is to improve stock flexibility during times of allocation by reducing the number of variants and recommends customers to move production to latest design steps
- PD_070_21 is postponed until further notice
