TE Connectivity

Product Change Notification: P-18-016558

PCN Date: 09-NOV-18

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
All IM relays (All types except IMB versions)

Description of Changes
Manufacturing location change. The production of the following Part Numbers might be extended from TE Portugal, Evora to TE Austria, Waidhofen.

Reason for Changes:
Dear Customer, as a result of our continuous strive for improving our processes, we hereby inform you about an extension of manufacturing footprint. The production transfer is executed by following a strict transfer procedure, which guarantees no negative influence on quality, ability to supply and form-fit-function of the concerned products. Product marking change / drawing change / label change: TE will add a new marking on the relays, identifying it's new production location and will update our drawings and packaging labels accordingly with a separate Engineering Change Request (E-18-017686). The new manufacturing location is under a certified quality management system according the standard industry requirements. An internal release based on our specifications will be executed before any parts will be delivered, which guarantees the performance.
