For More details Please Contact your respective Nexperia CSR/AM.

Postponed implementation of PCN "2nd source Polyimide material" for selected types

Information Notification

In reference to PCN 202101001F01U01 "2nd source Polyimide material" - For the affected types as listed below:

The introduction of the new second source polyimide (Asahi Kasei Corporation BL-301) will be postponed to an undefined future date.

The production will keep on using currently released polyimide (HD Microsystems HD4100).

Upon final introduction of the new polyimide for the affected types a separate notification will be send.

Affected types:

PESD18VF1BSF

PESD24VF1BSF

PESD18VF1BSF/S711

PESD24VF1BSF7S711

PESD1NFC-SF

PESD2NFC-SF

Why do we issue this Information Notification

The production of the affected types with the second source polyimide material can currently not be started.

The customer demand can be secured with the currently release polyimide material due to an improved availability of the material.
