FTLF8546P3BCV(-xx)	FTLF8546P4BCV(-xx)

Reason for the End of Life

Finisar released the 2nd generation 16GFC SFP+ SW transceiver module (FTLF8529P4) over one year ago. That 2nd generation is better positioned for efficient and flexible high-volume production than the 1st generation (FTLF8529P3), and therefore the 1st generation will be discontinued.

End of Life Dates

All last time buy purchase orders must be received by June 9th, 2020. The last time ship date will be December 9th, 2020.

Order Acceptance/Change Conditions

Any orders for the discontinued products listed above with a requested ship date after June 9th, 2020 will be non-cancelable and non-returnable (NCNR). The words "non-cancelable, non-returnable" must be clearly indicated on these orders. These orders cannot be changed, rescheduled, or cancelled.

RMA Replacements

After June 9th, 2020, Finisar reserves the right to replace any of the discontinued FTLF8529P3 and FTLF8546P3 products listed above returned under RMA

(Return Material Authorization) with the equivalent FTLF8529P4 and FTLF8546P4 parts, or with a credit, if it is deemed to be Finisar responsibility.

List of Supporting Materials

Reports concerning reliability and production verification tests for the replacement products are available upon request.
